EVALUATION PLAN 2024-2025

Following your child's progress in Preschool

In order to inform you about your child's progress and to provide him/her with the support that he/she needs, the school uses different ways to track and assess his/her learning. To inform you about your child's development and progress within the Preschool Education Program, you will receive periodically his/her work done in class, as well as, his/her evaluations including one formal communication and three report cards.

Evaluation is an integral part of the teaching and learning process. In preschool, evaluation is an ongoing process that occurs during the daily routines and activities of classroom life. Observation is the most appropriate means for evaluation that focuses on your child's attitude, behaviors, skills, abilities, strategies and productions.

It is important to note that evaluation does not merely serve to situate where your child is in relation to the expected outcomes of the program. It is also importantly used to best support your child in his/her overall development.

The following is a list of the official school communications you will receive this year.

OFFICIAL COMMUNICATIONS 2024-2025

First Communication	You will receive the First Communication regarding your child's transition into and adaptation to Preschool by October 15,2024.
Report Card – Term I	The first Report Card will be issued by November 20,2024.
Report Card – Term II	The second Report Card will be issued by February 25,2025.
Report Card – Term III	The final Report Card will be issued by July 10, 2025.

Observations used for Report Cards

Areas of Development and Competency of the Preschool Education Program	The student is making very good progress on the competency. The student is developing at a faster and more sustained rate than was anticipated.
	The student is making satisfactory progress on the competency. The student is developing well, we see constant progress.
